Dow Corning® Silicone Resins and Binders

DOW CORNING

Improve resistance of your protective coatings to extreme temperatures, moisture, corrosion and weathering with *Dow Corning®* brand silicone resins and binders.

***Dow Corning®* 2405 Resin**

Our newest high-temperature protection in a solventless, room-temperature-cure binder:

- Heat resistance to 650 °C
- Good room temperature cure
- Good flexibility
- Optimized molecular weight for good build

***Dow Corning®* 3055 Resin**

A reactive amino silicone. Used as the sole amine source or with organic amine, 3055 improves:

- Flexibility
- Thermal, acid and water resistance
- Wet adhesion
- Low VOC

Univar partners with Dow Corning to provide you innovative new products.

NORTH AMERICA'S LARGEST METAL FORMING,
FABRICATING, WELDING AND FINISHING EVENT

November 16-18, 2016
Las Vegas, NV
fabtechexpo.com

SHARPEN YOUR EDGE

FABTECH 2016 will provide the strategies and insight needed to hone your *competitive edge* for improved quality, productivity and profitability. Come to broaden your perspective and experience the future of manufacturing through live product demonstrations, top-notch education programs and networking opportunities. You'll discover the tools for solving today's challenges and sharpen your skills to take on tomorrow.

Visit fabtechexpo.com for complete details. Register now!

Company Alphabetical Listings

A & W Products, Inc.

1041 Astondale Rd., Bishop, GA 30621
P 706-769-9012

info@aw-products.com
www.aw-emulsions.com

Contact: Walker Whitmire

A & W Products manufactures a complete line of wax emulsion formulations for paints and coatings, treated wood products, engineered wood, and coated paper. Additives are paraffin, carnauba, slack wax, soy wax, and silicone blends. Products custom formulated for specific needs.

A Brite Company

3217 Wood Drive, Garland, TX 75041
P 214-291-0400 F 214-291-0300

fdunigan@abrite.com
www.abrite.com

Contact: Harry Hassell

A Brite is a unique American owned international business involved in the development, manufacturing and marketing of a full line of proprietary chemicals for the plating, anodizing, aluminum extrusion, phosphate, powder coat and environmental industries. Processes include: cleaners for all base metals including aqueous and special purpose; plating processes for silver, zinc, zinc alloys, copper, nickel, chrome, chrome substitutes, tin and cadmium; metal treatment products for bright dipping, phosphating and specialty products including chr Hassellomates, lacquers, rust preventatives and environmental products for waste treatment needs.

A.S. Paterson Company Limited

1110 Sheppard Ave. East - 404,
Toronto, ON M2K 2W2
P 416-222-3333 F 416-222-5034

rpateron@aspateron.com
www.aspateron.com

Contact: Rod Paterson

A.S. Paterson Company is a 90 year old Canadian distributor of pigments, dyes, waxes, resins and additives for the paint, coatings, ink, plastics and specialty chemical industries. Technical sales representatives located across Canada help companies solve problems.

ABB Inc.

201 Westcreek Blvd, Brampton, ON L6T 5S6
P 905-460-3000 F 905-460-3019

Contact: ABB Inc.

ABB is a leading supplier of industrial robots – also providing robot software, peripheral equipment, modular manufacturing cells and service for tasks such as welding, assembly, painting, picking, packing, palletizing and machine tending. Key markets include automotive, plastics, metal fabrication, foundry, pharmaceutical and food and beverage industries. A strong solutions focus helps manufacturers improve productivity, product quality and worker safety.

ACE Equipment Co.

4725 Manufacturing Rd, Cleveland, OH 44149
P 216-267-6366 F 216-267-6366

sheran@armaturecoil.com
www.armaturecoil.com

Contact: Scott Heran

Family owned since 1919, ACE Equipment manufactures burn off and curing ovens. Their design provides high efficiency, uniform temperatures and long life.

Aceto Corp.

4 Tri Harbor Ct., Port Washington, NY 11050
P 516-627-6000 F 516-627-6093

rgoodman@aceto.com
www.aceto.com

Contact: Roy Goodman

Aceto offers a range of chemicals for specific use in epoxy, urethane, UV-cured, powder, and polyurea coatings. These include performance additives and a complete line of organic pigments, TiO2 and free-radical and cationic photoinitiators.

ACT Test Panels LLC

273 Industrial Dr, Hillsdale, MI 49242
P 517-439-1485 F 517-439-1652

sales@acttestpanels.com
www.acttestpanels.com

Wide range of test panel products and services including ACT Certified Test Panels for coatings R&D; utility grade TRU panels for spray outs and hiding evaluations; appearance panels including color, orange peel, and powder smoothness standards and corrosion supplies for laboratories.

Advanced Chemical Co.

105 Bellows St, Warwick, RI 02888
P 800-553-3568

rcarvalho@advchem.com
www.advchem.com

Contact: Robert Carvalho

Full service precious metals refiner of gold, silver, platinum, palladium and rhodium; manufacturer of proprietary precious and non-precious metal electroplating processes and other specialty chemistries. ACC holds the following certificates: ISO-9001:2008, ISO-14001-2004, OHSAS 18001, R2,ITAR.

Adwest Technologies, Inc.

/CECO Env.

1175 North Van Horne Way, Anaheim, NY 92806
P 714-632-9801 F 714-632-9812

bcannon@cecoenviro.com
www.adwestusa.com

Contact: Brian Cannon

Adwest is a CECO Environmental Company supplying RETOX regenerative thermal oxidizers and VOC concentrators for VOC control on finishing, spray booth, surface coating and curing oven applications. RETOX RTOs provide flameless NOx-free operation with up to 97 per cent primary heat recovery for low energy consumption.

AGC Chemicals Americas

55 E. Uwchlan Ave., Exton, PA 19341
P 805-583-5917 F 805-583-5917

winn.darden@us.agc.com
www.lumiflona.com

Contact: Winn Darden

Supplier of LUMIFLON fluoropolymer resins used to make ultra-weatherable coatings for architectural, industrial maintenance, aerospace, alternative energy, and automotive applications. Products include solvent based resins, solid resins for low VOC coatings, water based resins and powder coating resins.

Akzo Nobel Wood Coatings Ltd.

155 Rose Glen Rd, Port Hope, ON L1A 3V6
P 905-885-6388 F 905-885-7587

chemcraft.ca@akzonobel.com
www.chemcraft.com

Contact: Jeff Snyder

Innovative and sustainable solutions for Wood Coatings and Adhesives – Leaders in coatings for Cabinetry, Wood & Vinyl Flooring, Window & Doors, Building Products, Residential, Office & Contract Furniture, and Distribution through Chemcraft brand. Adhesives for Building Products, Flooring & Furniture.

See Our Ad on Page 91

AkzoNobel Powder Coatings

150 Columbia Street, Reading, PA 19601
P 800-367-3318 F 610-603-7584

www.interpon.us

AkzoNobel Powder Coatings is a world leader in powder coatings, offering effective coatings solutions for a wide range of applications including: furniture, automotive, IT, appliance, the architectural market and general industry.

Alberdingk Boley Inc.

6008 West Gate City Boulevard,
Greensboro, NC 27407
P 336-454-5000 F 336-454-5007

info@alberdingkusa.com
www.AlberdingkUSA.com

Contact: Yasmin Sayed-Sweet

Alberdingk Boley, Inc. (ABI) is a global supplier of innovative water-based dispersions. With a legacy of more than 185 years in castor and linseed oils, driven by tradition and innovative technology, ABI is a proud, responsive supplier of environmentally friendly water-based emulsions and dispersions to the paint and coatings, adhesives, and graphic arts industries.

See Our Ad on Page 72

Alberdingk Boley offers a full line of waterborne emulsions and dispersions including:

- Multiphase Acrylic Emulsions
- Alkyl-phenol (APEO)-free Emulsions
- Conventional Polyurethane Dispersions
- NMP-free and Solvent-free Polyurethane Dispersions
- UV-Curable Dispersions
- Acrylic Polyurethane Copolymers
- Castor Oil & Linseed Oil Polyols

Aldonex, Inc.

2917 St. Charles Rd., Bellwood, IL 60104
P 708-547-5663 F 708-547-5738

sales@aldonex.com
www.aldonex.com

Contact: Alan Miller

Manufacturer of DC power supplies. SCR rectifiers, manual or motorized variable transformers, tap-switch rectifiers, periodic reversing units, water-cooled rectifiers, SCR pulse inverters, modular power supplies, and Switchmode power supplies. Also, new and used DC power supplies and other equipment, parts and service.

Allcolour Paint Limited

1257 Speers Road, Oakville, ON L6L 2X5
P 905-827-4173 F 905-827-6487

rchapman@allcolour.com
www.allcolour.com

Contact: Ms. Gwen McManus

Allcolour produces a wide range of high-quality, high-performance coatings for OEM, general industrial, and DBO-duty applications. In business for over 40 years, Allcolour offers the latest technology, environmentally responsible products manufactured in a completely renovated state-of-the-art facility.

Alliance Industrial Masking, Inc.

200 South Ludlow Street, Dayton, OH 45402
P 937-681-5569

chris@custommasking.net
www.custommasking.net

Contact: Chris Gray

Provider of custom tape masks and offering next-day delivery. With our manufacturing process, no die is required. This eliminates the time and cost associated with a manufactured die. Stop hand masking parts and get lean with AIM.

Allied Can Manufacturing Inc.

56 Bramstele Road, Unit-6,
Brampton, ON L6W 3M5
P (905) 450-5100 F (905) 450-5101

awan@alliedcans.com
www.alliedcans.com

Contact: AFZAL M. AWAN

Manufacturer & distributor of UN & non-UN steel pails (open head & closed head), paint cans (unlined & gal lined) and F-style oblong cans.

See Our Ad on Page 68

Allied PhotoChemical Inc.

48 N. Airport Dr., Kimball, MI 48074
P 810-364-6910 F 810-364-6933

dsweetwood@alliedphotochemical.com
www.alliedphotochemical.com

Contact: Dan Sweetwood

UV technology company. Clear and color coatings, UV dielectrics, stereolithographic resins, UV specialty formulations, prepared for specific needs.

Aluminum Anodizers Council

1000 N. Rand Road, Wauconda, IL 60084
P 847-526-2010 F 847-526-3993

mail@anodizing.org
www.anodizing.org

Contact: Suzanne Spohr

The Aluminum Anodizers Council (AAC) is the international trade association engaged in aluminum anodizing. The Council's mission is to support members through education, advocacy, and promotion.

Aluminum Surface Technologies

1055 Pachino Cr, Burlington, ON L7L 6B9
P 9053326688 F 9053325492

sales@surfacetechn.ca
www.surfacetechn.ca

ISO registered rapid turnaround solutions provider specializing in Engineered Coatings, Aluminum Finishing, Casing Impregnation and non-ferrous Heat Treating. Solutions available for most metals addressing corrosion, surface hardness, mold release, friction, wear and sticking/galling even for pharmaceutical/food/medical equipment (CFIA/FDA approval available).

AlumiPlate, Inc.

8960 Springbrook Dr., Minneapolis, MN 55433
P 763-786-3788 F 763-786-8518

info@alumiplate.com
alumiplate.com

Contact: Gus Vallejo

Electrodeposited aluminum systems. Developer and provider of unique electroplating processes, equipment and know-how for applying high purity aluminum to solve exacting corrosion, appearance or performance problems.

Amariko Inc.

PO Box 282, Clarendon Hills, IL 60514
P 800-262-7456

info@amariko.com
www.amariko.com

Contact: Thomas Marik

Amariko provides business management computer software for finishing job shops, including office and shop-floor systems, custom programming, onsite services and prompt support.

Amba Lamps Canada

271-162 Guelph Street,
Georgetown, ON L7G 5X7
P 905-847-1775 F 905-847-1415

stanamba@cogeco.ca
heraeusamba.com

Contact: Stan Greene

Amba is one of the world's largest manufacturers of UV lamps. ISO 9001 accredited with over 10000 different UV lamp products to match any particular equipment.

American Colors, Inc.

P.O. Box 397, Sandusky, OH 44870
P 419-621-4000 F 419-625-3979

buss@americancolors.com
www.americancolors.com

American Colors has made coatings and pigment dispersions since 1975. Systems include: plasticizer, aqueous, epoxy, polyester and others. Custom color house capable of producing a coating or colorant to nearly any specification.

American Plating Power, LLC

13300-56 S. Cleveland Avenue,
Fort Myers, FL 33907
P 239-275-5877 F 239-275-4959

lbrosius@americanplatingpower.com
www.americanplatingpower.com

Contact: Waasy Boddison

American Plating Power offers a full range of DC and Reverse Pulse power supplies, along with process controllers and Windows-based control software. Ad-

ditionally, their Full Service Department offers repair, preventive maintenance, rectifier calibrations and parts for all brands of rectifiers.
See Our Ad on Page 38

American Ultraviolet Company

212 South Mt. Zion Road, Lebanon, IN 46052
P 800-288-9288 F 765-483-9525

Mstines@auvco.com

americanultraviolet.com

Contact: Meredith Stines

Manufacturers of ultraviolet curing systems since 1960, both standalone and conveyorized. Output includes 300 to 600 watt per in., mercury and metal halide and gallium systems. Custom systems a speciality. Full line of UV roll coatings machines from 20 to 80 in. wide.

AMETEK Fluoropolymer Products

455 Corporate Blvd., Newark, DE 19702

P 302-456-4431 F 302-456-4444

info.fpp@ametek.com

www.ametekhaveg.com

AMETEK Fluoropolymer Products specializes in high purity and highly corrosion resistant heat exchangers and tubing for pickling, plating, galvanizing, acids, chemical processing, metalworking, aerospace, and other applications. Its core products are based on fluoropolymer materials.

Amiberica, Inc.

3701 S. Ashland Ave., Chicago, IL 60609

P 773-247-3600 F 773-247-3069

diazw@amiberica.com

www.amiberica.com

Contact: William Diaz

Fabricators of complete finishing systems, powder booths, washers, ovens and conveyors. Hook cleaning equipment, burn-off furnaces and the Pyro-Strip fluidized sand tank system. Equipment designed for efficiency and durability.

Amity International

P. O. Box 5254, Anderson, SC 29623

P 864-622-2233 F 864-622-2234

rsingh@amityinternational.com

www.amityinternational.com

Contact: Mark Feldman

Development of alternative products designed to overcome environmental and safety restrictions that confront traditional solvents. Amity offers aqueous, semi-aqueous and solvent based products for critical cleaning.

Ampere Metal Finishing Ltd.

854 Westport Cres., Mississauga, ON L5T 1N5

P 905-670-5275 F 905-670-8941

ap@amperemetal.com

www.amperemetal.com

Contact: Audrey Pignatell

Ampere Metal offers: phosphate (zinc & manganese), passivation, black oxide on steel & stainless steel, chemical conversion coating, dry film lubricants, PTFE coatings. Large 15-ft tanks, 4000 lifting capacity.

Amsax Technologies, Inc.

704 California Avenue, Rochester, PA 15074

P 412-292-0127 F 724-201-0051

info@adroitblue.com

www.adroitblue.com

Contact: Jon Aries

Amsax produces process lines; batch, continuous and fully automated. All systems are engineered and commissioned by in-house employees; including controls, hoists, tanks, ventilation and VWT. Amsax's software package WinHoist optimizes random loading, with total integration and provides full data documentation.

judi.blanchard@imerys.com
www.nycomineral.com

Contact: Judi Blanchard
NYCO produces a line of wollastonite additives for all types of coatings. The mineral's acicular structure, low water solubility and basic pH give improved film cohesion and mechanical properties, reduce cracking and prevents downward pH drift for improved paint stability. Treated WOLLASTOAT grades act as auxiliary pigments in replacing up to 50 per cent or more of inhibitive pigments without sacrificing corrosion/bolster resistance at significant cost savings.

Plastico Industries has emerged into Aquence Coating Services. Aquence is an environmentally friendly dip process that allows complete coating of components. Modern plant located in Cambridge, ON, has the 800/900 Series – an environmentally friendly, flat black, water based coating. Plastico's new Aquence line was designed to handle all size parts, with tank dimensions of 12' L X 2.5' W X 4.5' H.

PlateChem International Inc.

P 416-882-3008
platechem@platechem.com
www.platechem.com
Contact: Robbie Ouyang
PlateChem International Inc. is a special chemical manufacturer/distributor delivering chemicals intermediates for the electroplating industry. We offer products that represent the key ingredients in the formula of Copper/Nickel plating brighter additives. For example: PAP, BMP, ATPN, BEO, BOZ, PA, PO, etc. We also source other chemicals to fulfill your needs in the plating process.

Our Main products:

(1) PAP (Propargyl alcohol propoxylate) is used to formulate brightener additives in the electroplating industry. PAP performs well in combination with other top brighteners and basic brighteners. It has the advantage over PME and PA that its concentration is less critical, and the bath is more able to accommodate fluctuations in concentration above and below the optimum.

(2) BMP (2-Butyne-1,4-diol propoxylate) is used to formulate brightener additives employed in the electroplating industry. It is used as a top brightener in nickel electroplating baths.

(3) ATPN (propanoic acid, 3-(aminoiminomethyl)thio-) is used to formulate brightener additives employed in the electroplating industry.

Plating Systems & Technologies, Inc.

DYNAMIX Blending Technology, Service and Value

Dynamix is one of North America's fastest growing manufacturer and supplier of metal finishing chemistry. "The philosophy at Dynamix is simple - enhance our customers' performance and profitability, while dealing with all of our partners in an open and honest forum."

The primary focus of Dynamix is the design and manufacture of specialty chemicals for the metal finishing industry, covering all aspects of metal finishing from anodizing to zinc plating. Toll blending, packaging and distribution of custom formulated products are also available.

We offer a service that encompasses all of our values with a highly skilled and motivated team. The laboratory at Dynamix is well equipped and able to provide analytical solutions specific to a particular sector of industry and/or customer. Products are designed at Dynamix to provide unsurpassed performance and solution economy. Superior chemistry is only the beginning, as the company realizes that technical and application knowledge are just as vital to the metal finishers' success.

Let Dynamix demonstrate how we can maximize your plating chemistry productivity by providing the most robust chemical processes available.

FUNCTIONAL COATINGS

- Anodizing Chemistry
- Black Oxide Processes.
- Conversion Coatings.
- Copper Processes.
- Electroless Nickel Processes.
- Electropolishing Processes.
- Hard Chromium Processes.
- Phosphate and Phosphate free coatings.
- Tin Processes.
- Zinc and Zinc alloys, Chromates and Topcoats.

DECORATIVE COATINGS

- Copper/Nickel/Chrome Processes.
- Copper and Brass Processes.
- Bright/Dull/Satin Nickel Processes.
- Tin Processes.
- Antiquing Processes.

SPECIALTY PRODUCTS

- General purpose and heavy - duty cleaners for all substrates and applications.
- Metal strippers.
- Paint strippers for use on ferrous and non-ferrous substrates.

Coatings Liquid Industrial Specific

- 1 Acrylic
- 2 Alkyd
- 3 Coal-Tar
- 4 Epoxy
- 5 Fluorocarbon
- 6 Nitrocellulose
- 7 Nylon
- 8 Organosols

Our science is your art.

valspar

if it matters, we're on it.®

Nothing brings out the magic of wood like Valspar. When your customers need on-trend color styling for their designs, we've got you covered. With Color Choice® you can create a universe of custom colors, produce them with precision, and reproduce them with consistency. Our market-leading chemistry and comprehensive application knowledge ensures your success every step of the way. You create the art. Leave the science to us. **KATILAC COATINGS INC.**

pre-cat & post-cat lacquers
conversion varnishes - waterborne
coatings - colour systems - interior
& exterior coatings

**Proudly engineered and
manufactured in Canada** 

Find your local distributor at
www.katilaccoatings.com

**Breathe easier
with our new line of
Formaldehyde Free
wood finishes**

- available in pre & post-catalyzed; sealers & topcoats
- meets LEED, BIFMA, IAQ standards
- drop-in replacement for most traditional solvent-base coatings
- meets KCMA, AWI/TR-4, AWMAC performance standards

EXPANDABLE POWER ECONOMICAL PRICE

Next Generation MSA Tower Has Enhanced Power Capabilities

- **IN STOCK** Availability
- Expandable from 1,500 Amps to 7,500 Amps
- Stacking Modules for Easy Installation
- Automatic Load Sharing
- Extremely Small Footprint
- To increase power just add a module!

One Stop Source for Spare Parts All Makes and Models!

- Circuit Boards
- Diodes
- SCRs
- Fuses

Masking and Part Protection Solutions for Industrial Finishing Processes

www.daemar.com

Essential Components for Industry

CAPS & PLUGS

- Silicone Rubber
- EPDM
- Flex 500 Vinyl
- Green & Black Neoprene
- Thousands of standard designs

TAPES & DISCS

- High temperature applications
- Polyester tapes
- Polyimide tapes
- Glasscloth, Paper & Silicone Rubber
- Standard die cuts in discs, squares and more

HOOKS, BARS & RACKS

- Prototype tooling
- Custom moulded masking
- Custom die cut masking
- Custom hanging solutions

Accurate, non-destructive plating thickness measurement with FISCHER instruments

High-precision X-ray fluorescence devices

For the exact determination of the thickness and composition of metallic coatings

- Measurement of multilayer systems such as Cr/Ni/Cu,
- ENEPIG and Nickel Phosphate
- Determination of phosphorus content in NiP coatings
- Analysis of metal concentration in electroplating baths
- For use in manufacturing and production

Powerful hand-held devices

For precise coating thickness measurement

- Measurement of plating coatings such as chromium, copper or zinc in small parts such as screws, nuts and bolts
- Measurement of anodic coatings
- Large selection of high-precision probes

FISCHER DataCenter software for easy data transfer and analysis.

DeFelsko's Authorized Canadian Distributor

SHD Shore Hardness Durometer

Effective measurement of the hardness of polymers, elastomers, and rubbers. Compatible with PosiSoft, and the updated PosiTector App.

NEW

FNDS

Measures coating over:

- Electro-plating
- Hot-dip Galvanizing
- Zinc Spray Metallizing
- Compatible with all PosiTector gage bodies with a colour display

Stoner Tucker Instruments offers calibration and certification services for your coating inspection and QA instruments. Call today for an estimate

Finishing Lines + Handling Technology

MANUFACTURER OF COATING LINES FOR ALL MATERIALS
 CLEANING | ACTIVATING | COATING | DRYING | HANDLING | EXHAUST AIR PURIFICATION

Finishing solutions for e.g.:

- building material
- steel/metal
- wood
- plastic
- glass
- ceramic

Functional coatings e.g.:

- antireflection
- scratch-resistant
- lotus effect
- decorative
- nano

Providing Paint Stripping Services for 25 Years

- Stripping paint from multi-metal substrates, with a specialty in aluminum
- Servicing the automotive, aircraft and general industrial sectors
- Located in the GTA with regular service throughout Southern Ontario
- Using all commercially viable processes including:
 - thermal
 - plastic media blasting
 - caustic stripping
 - aluminum safe (non-methylene chloride) chemical stripping
 - steel grit blasting
 - pickling (organic ambient, not heated hydrochloric acid)
- Tractor trailer service available
- Operating 24 hours, with regular weekend service
- Paint booth and oven coatings

Tapes and Custom Masking Solutions for Industrial Finishing Processes

www.daemar.com

Essential Components for Industry

TAPES

- High temperature applications
- Polyester tapes
- Polyimide tapes
- Ultrabake silicone tape
- Glass cloth tape
- Widths from 1/8" up to 9"

DISCS

- High temperature applications
- Standard shapes include: donuts, squares, rectangles and dots
- Materials available: polyester, polyimide, glass cloth, crepe paper, aluminum foil, lead foil, teflon and vinyl

CUSTOM MASKING

- Prototype tooling
- Custom moulded masking
- Custom die cut masking
- Custom hanging solutions

PosiTest[®] AT Series

Pull-Off Adhesion Testers

Measure the adhesion of coatings to metal, wood, concrete and more

- Impact and scratch resistant color *Touch Screen* display with keypad
- Wirelessly connect the PosiTest AT-A to your smart device using our free app
- Record the results as pass/fail and the nature of fracture — cohesive, adhesive and glue failures

AT-A Automatic model

Also available AT-M Manual

THE ECHO WAY...

CHANGING EXPECTATIONS

SOLVING PROBLEMS

CREATING PEACE OF MIND

TOUGH ON COATINGS. GENTLE ON PARTS.

Recognized as the industry leader in thermal stripping and parts reclamation, PCPC Cleaning Ovens safely remove paints, epoxies, powder coating, and other combustibles from paint hangers, racks, hooks and other metal parts.

They are fully automatic and self-adjusting – simply load your parts, set your cycle time and the furnace does the work. Plus, its powerful afterburner eliminates all hydrocarbon emissions making them virtually *pollution free*.

Controlled Pyrolysis® is safe, efficient, clean and easy to operate. Check out this video of an actual test clean and see for yourself. Go to:

www.pcpconline.com/blog/test-clean

For more product information or to schedule a free Test Clean, call 888-396-7903 or email sales@pcpconline.com

SmarTest by ElektroPhysik

Coating thickness testing using your smartphone or tablet...what a smart idea !

ElektroPhysik's High Performance MiniTest 700 Series with Digital SIDSP® Sensors just got smarter !

ElektroPhysik's Digital SIDSP® Sensors with the New Bluetooth® Sensor Transmitter paired with the Free SmarTest APP lets you take readings and store them on your smart device !

The SmarTest does not consume data from data plans ! even operates in "airplane mode"

User selectable units of measure, mils or microns

Bluetooth

www.ElektroPhysikUSA.com
800-782-1506

Conforms to ASTM D7091

EXPERTS IN FINISHING & DISPENSING SOLUTIONS FOR OVER 80 YEARS

COMPLETE INTEGRATED SOLUTIONS FOR TODAY'S MARKET DEMANDS

- AUTOMATIC AND MANUAL PAINT SPRAY GUNS
- ROTARY ELECTROSTATIC BELL ATOMIZERS
- FLUID DISPENSE AND MIXING SYSTEMS
- TURNKEY GENERAL INDUSTRIAL SYSTEMS

EXEL North America, Inc. manufacturers of Kremlin Rexson and SAMES brand products deliver comprehensive spray equipment and integrated solutions & packages for all your finishing and dispensing needs.

Pacific Spray Booths designs, supplies and installs:

- ALL types of spray booths for every industry
- Prep Stations
- Mixing Rooms
- Powder Coating Booths
- Blast Booths
- Blast Media Recovery Systems
- Air Makeup Units
- Man-Lifts

We just built a 130 foot long spray booth for Vancouver's Skytrain Rapid Transit.

Imagine what we could do for you!

Together we go beyond chemistry

Ensemble nous allons au-delà de la chimie

Distributing specialty raw materials to the coatings, inks, plastics and adhesives industries.

We are the only Canadian distributor with a state of the art laboratory providing innovative solutions.

We are your active intermediate.

Distributeur de matières premières de spécialités aux industries de la peinture, de l'encre, du plastique et des adhésifs.

Nous sommes le seul distributeur canadien avec un laboratoire à la fine pointe de la technologie pour des solutions novatrices.

Nous sommes votre intermédiaire actif.

Better protection. Safer chemistry.

Get greener, safer Flamebloc® chemistries from Buckman.

Buckman's Flamebloc GS series of fire retardants are formulated to provide outstanding protection for today's natural and synthetic products. Their innovative mix of unique chemistries, including amino functional ammonium polyphosphate, are clear, water-based, and contain little or no VOC. Best of all, they do not require a halogen donor to provide intumescent and char-forming substrate protection. There are many options, too, to help you meet the various standards and specifications required by your industry.

Buckman

Commitment makes the best chemistry.

NEW – Flamebloc Foam Protect
A new intumescent coating code approved (CAN/ULC-S-124) for spray foam insulation.

Powering innovation for sustainable performance

At Univar, we understand that having access to the right innovative technologies is essential to developing paint and coatings formulations with the ideal performance and environmental profile. That's why we provide formulators with a one-stop, total solution for the basic chemicals and specialty technologies from the world's leading producers. Together with our deep industry expertise and customer-centric approach, we work hand-in-hand with formulators to deliver the environmentally responsible performance you need – from low-VOC, APEO-free, and phthalate-free – from your paint and coatings.

SPECIALTY POLYMERS, INC.
 INNOVATIVE • RESPONSIVE • FLEXIBLE

A different kind of polymer company™

Specialty Polymers has more than 45 years of product development. Our diverse product line spans multiple industries and is truly

technology-driven

With manufacturing facilities on both coasts, nationwide sales coverage and products tailored to meet your needs, we offer a one-of-a-kind

customer focus

Family-owned and operated since 1969, we have a unique

family culture

■ High Performance, Versatile Acrylic Emulsions
 ■ Introducing the Multi-Purpose Platform:
ALBERDINGK® AC 3600, AC 3630, AC 3660 & AC 2403

- Multiphase Acrylic Emulsions
- Alkyl-phenol (APEO)-free Emulsions
- Conventional Polyurethane Dispersions
- NMP-free and Solvent-free Polyurethane Dispersions
- UV-Curable Dispersions
- Acrylic Polyurethane Copolymers
- Castor Oil & Linseed Oil Polyols

Working for you.

Andicor Specialty Chemicals is a full-service national distributor of specialty chemicals and packaging products. Our mission is to be a seamless extension of the suppliers we represent, continually working to provide our customers with:

- competitively-priced, globally-sourced, value-added products from market-leading manufacturers
- superior customer service
- knowledgeable and responsive sales professionals
- local warehousing and delivery services

Best Under the Sun

With exceptional tint retention, chalk resistance and photochemical stability, MINEX® additions can enhance the color and extend the service life of aqueous and solvent based architectural paint. Forty years of real time exterior exposure tests verify MINEX is the best functional filler under the sun.

BUILDING A BRIGHTER WORLD

Globalization and ever more stringent regulation confront the manufacturing industry each year, presenting greater and greater challenges. Brenntag Canada recognizes that the specialty chemicals market does not have to be so complicated, however – we aim to make all aspects of chemical distribution less complex for our customers and suppliers.

Through a dedicated and experienced team of technical experts and sales agents, Brenntag Canada offers tailor-made solutions to each customer's individual needs and business challenges with a degree of professionalism that few of our competitors can match. From providing advice on improving formulations, to devising innovative supply-chain solutions, to sourcing specialty ingredients, Brenntag Canada delivers products and services which put our customers and suppliers a step ahead of the competition.

We at Brenntag demonstrate that the distribution of chemicals and ingredients is not just a business for us. It is an attitude. And our passion is to be the best partner connecting you as our customers and suppliers in local markets worldwide.

World-class products,
 comprehensive support and
 uncompromising service

At L.V. Lomas we have over five decades of service, helping paint and industrial coating formulators meet and exceed the most demanding objectives. As one of the largest specialty chemical distributors in Canada, our technical sales and marketing teams work with our customers to provide the winning solutions to succeed.

When you make L.V. Lomas your partner,
 we make our success contingent upon yours.

PosiTector® 6000

Coating Thickness Gages

Simple. Durable. Accurate.

- Rugged, weatherproof, ergonomic design
- All models include memory, statistics, HiLo alarm and a USB port
- **PosiTector 6000** accepts all **DPM**, **SPG**, and **UTG** probes easily converting from a coating thickness gage to a dew point meter, surface profile gage or ultrasonic wall thickness gage with a simple probe change

Available on the
App Store

Now Advanced models come with
WiFi and **PosiSoft Mobile** for complete
portability and expanded functionality.

A free web-based application
offering secure centralized
management of thickness readings

MONITOR POWDER COATING THICKNESS TO MAXIMIZE PROFITS

Coating thickness measurement with Fischer Handheld Gauges

- Designed for rough manufacturing environments
- Large selection of high precision probes
- Measurements with the "free-running display" mode for continuous scanning of surfaces
- Statistical evaluation for process control using the FISCHER Data-Center Software
- Surface Profile Measurement
- Accurate and Precise

Reliable Certification of Your Coating Inspection Equipment

Chlor*Rid liquid is effective in removing soluble salts from virtually any surface to prevent surface degradation and early coatings failure.

DeFelsko's PosiSoft Software

Features include the ability to:

- Generate custom PDF reports
- Include readings, images, charts, logos
- Consolidate batches into groups
- Compile multi-batch reports from one or more instruments

Benefits

CPCA is the national voice of the paint and coatings industry supporting members in their quest to:

- Counter measures that increase industry risk.
- Comply with regulations governing their businesses.
- Improve public health and safety, and safeguard the environment.

CPCA provides the support and resources you need to stay ahead of the curve on regulations.

Chemcraft®

A Great Finish is Only the Beginning

AkzoNobel

“You can’t beat great support,
and that’s what we have with
our Chemcraft Distributor.”

John Kunze, Sales
Power Process Equipment, Inc.

Jeff Stokes, Plant Manager
Woodharbor Custom Cabinetry

Curtis Lewerke, President
Woodharbor Custom Cabinetry

John Gilbertson Jr., Vice President
Power Process Equipment, Inc.

Jon Snow
National Sales Mgr.
Woodharbor Custom
Cabinetry

“We hang our hat on quality, it’s the founding principle of our company. It’s a very competitive market and our reputation for quality is how we set ourselves apart. Quality customer service and, most importantly, quality products. For 19 years our Chemcraft distributor, Power Process, has worked very hard to help us maintain that standard. They’re quick to respond to our needs and they support us in many aspects of our business.

Custom color matching and validation, product and process solutions – they even validate and qualify our new equipment purchases and setup. It’s a great relationship. They help us stay competitive by keeping us informed of new innovations. For example, 4 years ago they introduced us to Chemlife® 24. It’s very easy to use and has a soft, hand-rubbed feel. It sands easily and dries quickly which helps with production efficiency. And, because of its 24 hour technology, we’ve seen a 25-30% reduction in waste. A great product and great support - you can’t beat that.”

Curtis Lewerke, President
Woodharbor Custom Cabinetry
Mason City, Iowa

Founded in 1993, Woodharbor Custom Cabinetry provides high-quality custom kitchen, bath, and home cabinetry and related millwork to independent retailers, home centers and building design centers. Their Chemcraft distributor is Power Process Equipment, Inc. in Chanhassen, Minnesota.
